Date: 15/04/2026

Validity: 10 days

Dear Sir,

Greetings for the day. Thanks for placing your valuable enquiry. We feel our immense pleasure to introduce you about our company PROVEG ENGINEERING & FOOD PROCESSING PVT. LTD. Currently we are leading food processing machine manufacturer & supplier for various machinery. We hope that we will surely help you on your project with your current and future requirements

Below mentioned is the outline of project.

1. Technical Details of machine
2. Specification
3. Commercial detail
4. Terms & conditions

We hope that you will find the attached details as best of your expectations.

Manufacturing & Works: G1-66 Kuber Industrial Area, Ranpur, Kota-325003 (Rajasthan)

Sales Factory: Gate No. 1573, Dehu Alandi Road, Shelarvasti, Chikli Pune-411062 (Maharashtra)

Sales Factory: Patta No. 124, Dag 918, Mouza-Chayani, Bongara, North Guwahati, Kamrup- 781030 (Assam)

Tel: +91-7073642737 (Director), +91-9358003814

Email: praveen.provegengg@gmail.com

PRODUCT

BIOMASS PELLET PRODUCTION MACHINES

Capacity – 1.5-2TPH

IMPORTANT POINTS

- Pellet fuels (or pellets) are biofuels made from compressed organic matter or biomass. Pellets are universally accepted clean and green biofuels made from compressed organic matter or biomass. Wood pellets are the most common type of pellet fuel and are generally made from compacted sawdust.
- Bio-pellets is commonly made by biomass pellet machine with the biomass materials. Before turning into pellets, a series of processes, including crushing to required size, reducing water content, pelletizing, cooling, packaging, are needed.
- Biomass Pellets Application building heating: Biomass pellets can be used in a pellet stove or furnace to heating room at school, hospital, marketplace, company, etc. Cooking with biomass pellets is also available. Industrial boiler: Bio-pellets can partly (or entirely) replace coal or fossil fuel in co-firing heating for large-scale industrial operation to reduce the energy cost. power plants: Biomass pellets can be used in power plants to solve the problem of insufficient power supply.
- Plant capacity may vary according to pellet size & type of raw material

Manufacturing & Works: G1-66 Kuber Industrial Area, Ranpur, Kota-325003 (Rajasthan)

Sales Factory: Gate No. 1573, Dehu Alandi Road, Shelarvasti, Chikli Pune-411062 (Maharashtra)

Sales Factory: Patta No. 124, Dag 918, Mouza-Chayani, Bongara, North Guwahati, Kamrup- 781030 (Assam)

1, 2 & 3: Technical Details, Specification and Commercial Detail of all Machines:

A.PVG MACHINES

<u>No.</u>	<u>Item</u>	<u>Specifications</u>	<u>Qty (set)</u>	<u>Final Price (INR)</u>	<u>Picture</u>
1	Belt Conveyor Chevron type (with side wall)	USE- Shredder input conveyor - Capacity: as per plant - Power: 5HP gear motor with vfd - Length: 10m - Width: 1000mm - Belt thickness: 8mm - Side wall: 400mm height - MOC: MS	1	3,45,000/-	
2	Double Shaft Shredder	- Capacity: 2T/H - Motor Power: 80HP gear motor - With platform & structure - With panel	1	28,00,000/-	
3	Belt Conveyor Chevron type	USE- Shredder output conveyor - Capacity: as per plant - Power: 3HP gear motor - Length: 7m - Width: 800mm - Belt thickness: 8mm - MOC: MS	1	2,20,000/-	
4	Auto Feeder	USE- For controlled feeding - Capacity: 3tons - Auto Feeder Power: 5+3HP - L*W*H: 7000*2000*2500 (mm) With structure - MOC: MS	1	8,75,000/-	
5	Drag Chain Conveyor	USE- For conveying material into Hammer Mill - Power: 3Hp with gear motor with vfd - Length: 7m - Width: 510mm - MOC: MS	1	3,30,000/-	

Manufacturing & Works: G1-66 Kuber Industrial Area, Ranpur, Kota-325003 (Rajasthan)

Sales Factory: Gate No. 1573, Dehu Alandi Road, Shelarvasti, Chikli Pune-411062 (Maharashtra)

Sales Factory: Patta No. 124, Dag 918, Mouza-Chayani, Bongara, North Guwahati, Kamrup- 781030 (Assam)

(GST: 08AAICP8344H1Z2, KOTA)

6	Hammer Mill (Indian) 75x120	- Power: 132KW - Capacity: 4-5t/h (on mustard husk) - Power of fan blower: CM-8C-22KW - Dia. of cyclone: 18000mm - Air lock: 3.7KW - Air pipe: Ø426*7M - Quan. of hammers: 128PCS - Quan. of sieve: 2pcs with ladder & hand railing on cyclone - Electric control box	1	19,75,000/-	
7	Pulse Jet APCD System	USE- For Hammer Mill - Bags: 117nos - Air lock: 1hp (8-inches) - Discharge Screw: 1HP - With Solenoid valve - MOC: MS - With ladder & hand railing	1	8,50,000/-	
8	Mini Hopper	USE- For continuity - Finger Power: 2HP - MOC: MS	1	1,15,000/-	
9	Screw Conveyor	USE- For conveying material into Pellet - Capacity: as per plant - Power: 3Hp with gear motor with vfd - Length: 5500mm - Dia: 12-inches - Blade thickness: 6mm - MOC: MS	1	1,95,000/-	
10	Cooling Belt Conveyor (Green Belt)	USE- For colling material - Capacity: as per plant - Power: 2HP gear motor - Fan: 3nos - Length: 7m - Width: 600mm - MOC: MS	1	2,15,000/-	
11	Centralized Pulse Jet APCD	90bags - Blower: 25HP - MS Ducting - With discharge screw: 1hP - Air Lock: 8-inches - With ladder & hand railing - With panel	1	10,00,000/-	
12	Chain Block	- For changing die at pellet machine - Motorized Type	1	60,000/-	

Manufacturing & Works: G1-66 Kuber Industrial Area, Ranpur, Kota-325003 (Rajasthan)

Sales Factory: Gate No. 1573, Dehu Alandi Road, Shelarvasti, Chikli Pune-411062 (Maharashtra)

Sales Factory: Patta No. 124, Dag 918, Mouza-Chayani, Bongara, North Guwahati, Kamrup- 781030 (Assam)

13	Plant accessories	- Magnet system for hammer - Welding machine, grinders, cutters etc.	1	1,50,000/-	
14	Electrical Cabinet	- PLC-HMI - With remote push/stop - With tools- Multimeter, Screw Driver Set, Plyer, Cutter, Hydraulic Crimping Tool, Small Crimping Tools, Tester, Allen Key Set	1	5,00,000/-	
15	Erection & Installation	- Mechanical & Electrical erection only - Extra labor will be provided by client	1	3,00,000/-	
		TOTAL (A)	INR	99,30,000/-	EXW

B. OTHER MACHINES

<u>No.</u>	<u>Item</u>	<u>Specifications</u>	<u>Qty (set)</u>	<u>Final Price (INR)</u>	<u>Picture</u>
1	Pellet Machine (Yulong) 8th generation XGJ560	- Capacity: 2-2.5T/H (on mustard husk) - Capacity: 1.3-1.5T/H (on paddy straw) - Power: 160+2.2+0.55+2.2+0.05 KW - Voltage: 440V 50HZ 3-PHASE - Weight of machine: 5.3T - Dimension: 2000×1700×1450mm - Die: 6mm/8mm (only one) - Ring-die (stainless steel) - Roller assembly (include the roller shell) - With 2 sets Auto-lubrication device - With the cooling fan blower - With soft starter	1	32,00,000/-	
		TOTAL (B)	INR	32,00,000/-	

Manufacturing & Works: G1-66 Kuber Industrial Area, Ranpur, Kota-325003 (Rajasthan)

Sales Factory: Gate No. 1573, Dehu Alandi Road, Shelarvasti, Chikli Pune-411062 (Maharashtra)

Sales Factory: Patta No. 124, Dag 918, Mouza-Chayani, Bongara, North Guwahati, Kamrup- 781030 (Assam)

FINAL TOTAL (A+B)

No.	Specifications	Qty (set)	Final Price (INR)
1	PVG MACHINES (A)	1	99,30,000/-
2	OTHER MACHINE (B)	1	32,00,000/-
	FINAL TOTAL (A+B)		1,31,30,000/-

NOTE-

- **PLC-SCADA WITH IOT SYSTEM FOR FULL AUTOMATION AT EXTRA CHARGES @ 2,00,000/-**
- **GST extra as per government rules**
- **Transportation extra in buyer's scope**
- **VFD make: Refu/Crompton/Delta**
- **Motor Make: LHP**
- **Bearing: NBC/UBA/NBU**
- **Power required: 550HP/415KW**
- **Area required 10,000 sft**
- **Air compressor in buyer's scope extra along with line.**
- **Power and main connection cable and all the accessories for electrical need in buyer's scope**
- **Electric cables with cable trays and support for plant machine connection in buyer's scope**
- **Electric work, power factor panel, bus bar, distribution panel and electrician will be provided by buyer**
- **Tools, Crain needed for erection and installation person will be provided by buyer**
- **LPG, oxygen cylinder and cutter tools will be provided by buyer**
- **Unloading of machines in buyer's scope**
- **Water supply along with lines and pump in buyer's scope**
- **Civil work in along with pit for continuity in buyer's scope**
- **Food, accommodation in buyer's scope at extra**
- **Accidental & medical facility & its expenses of seller's team person in case of any injury or medical emergency while erection, installation, commission & running of plant machines by team will be cover by buyer**
- **Design changes are our right to change without any information**
- **Once order is placed cannot be cancelled at any stage and advance amount is non-refundable & non-adjustable.**
- **Dispatch procedure will start after 7 working days after getting 100% payment**

WARRANTY TERMS:

Manufacturing defects for non-movable parts would be covered under warranty for 1 year from the Billing Date. For all bought out items, the original manufacturer's warranty terms and conditions would be applicable. No Warranty for Movable parts, Electrical parts as they are subjected to wear and tear due to usage and operator's handling. We will not be responsible for any accident or damage caused by improper handling, misuse or non-maintenance of the machine or accessories. During Warranty period; if we replace any faulty component by new component; faulty component becomes our property so customer must give the same to us. to & fro travelling expenses, lodging & boarding expenses / allowances will be charged for commissioning of machine as well as subsequent each service

TERMS & CONDITIONS:

1. Payment Terms- 40% advance 60% before dispatch from seller's factory.
2. Inspection, if necessary, the goods will be offered for inspection at our works on the client's cost.
3. Delivery period 70-80 working days from the date of advance receipt under normal conditions
4. Proveg will retain ownership and title to the delivered goods and equipment until Proveg have received payment of all amounts owed by the buyer under the contract.
5. Installation & trial run charges mentioned are for one visit if buyer site is not ready when team reaches for installation and commissioning then team will move from site after three warnings and next visit will be chargeable and will take 50 working days to appoint person for installation and trial
6. Any change in specification from the client will be charged extra.
7. Once order is placed cannot be cancelled at any stage and advance/token amount is non-refundable.
8. Price quoted is only for the items offered. All other items will be extra.
9. If client will delay in picking the ready material, then seller has right to deliver that product to another buyer after 3 reminders (token/advance amount will be non-refundable)
10. If point 11 applied then for next dispatch minimum 70 working days will require after client information (in that case any price hike in market will parallelly effect the order value and client have to pay the difference if any price hike is there)
11. If client delay in picking the material more than one month after 3 reminders then demurrage charges will be applicable @2% per week of the total order value (which is non-negotiable)
12. Client will provide storage room (lock and key) for all the consumables and important items.
13. If equipment's are delivered to client and commissioning is delayed, client will have to Store the equipment in proper security and proper storage conditions.
14. Liquidated Damages are not accepted
